## FOREWORD

This handbook has been prepared so that parents and students have a clearer understanding of our elementary school. The rules and regulations have been kept to a minimum. If you, as parents, have questions, please bring them to the attention of the faculty or the administration.

Cooperation between parents and teachers is essential whereby our children can attain and maintain their potential. By all working together, we can strive to achieve this goal.

Parents are responsible for informing their children about the contents of the handbook, including student conduct issues. Many of these items may be new to students. You, as the parent are the one best equipped to discuss the items with your child.

2. A key to success is to create and maintain an environment to foster the positive self-concept and esteem of students, parents, and staff.
3. All students are capable of success and can learn; however students learn in different ways and at different paces.
4. Community commitment to a quality staff and excellence in education is essential.
5. Families, the community and the schools must work together as partners in the educational process.
6. The educational process must prepare students to live effectively in a changing world.
7. The educational process must aid in the development of cooperation and collaboration skills.

## THE ABC'S OF ESSEX ELEMENTARY GUIDELINES FOR SUCCESS

All staff and students at Essex Elementary School will work together to help everyone reach their fullest potential. Everyone will be treated with dignity and respect. Any behavior or action that helps someone grow and mature will be encouraged. Staff will keep students focused on the ABC's of Success, which follow:

1. Always try
2. Be responsible
3. Cooperate with others
4. Do your best
5. Everyone treated with dignity and respect

### UNIVERSAL STUDENT EXPECTATIONS

Positive student behaviors will be modeled and supported by school staff. All students and staff will abide by the universal behavior expectations established by the Essex District Leadership team:

**We are RESPECTFUL**  
**We are RESPONSIBLE**  
**We are SAFE**  
**We are POSITIVE LEADERS**

1. Courses of study have been adopted for the following curriculum areas:

Reading	Science/Health
Math	Social Studies
English	Vocal & Instrumental Music
Spelling	Art
Penmanship	Physical Education
Computer/Typing	Library
2. A cumulative record is kept for each pupil. If a pupil moves from the district, this folder is sent to the new school upon request.
3. Certain services are provided through the Green Hills Educational Agency. These support services include the speech clinician, school psychologist, audiologist, special education consultant and various other consultants in the curriculum areas. These people work with our faculty and students.
4. A Title I program is available for children who are encountering difficulties in reading. Here children receive more individualized attention for reading than time permits in the regular classroom.
5. A Resource Room program is available for children who qualify because of a learning disability. Individualized Educational Programs (IEP) are written for these students.
6. A Talented and Gifted (TAG) program is available for children who qualify because of exceptional abilities. Personalized Educational Programs are written for these students.

### TIME SCHEDULE

The elementary school day begins at 8:00 am on Mondays-Friday for all students. Children who do not ride the bus and do not eat breakfast at school are not to arrive at school before 7:40 am. Students who eat breakfast at school should arrive early enough to complete their meal and be in their classrooms by 8:00 am.. Dismissal for K-5 students is 3:30 pm. Buses will leave at approximately 3:35 pm. Preschool is dismissed Monday-Thursday @ 2:30 pm and on Fridays @ 1:15 pm.

## SCHOOL CLOSINGS

Cancellations, school closings or other changes in scheduling (late starts, etc.) will be announced on radio stations KMA in Shenandoah and KOAK-KCSI in Red Oak. Parents may also sign up for email and text notices through the JMC Alert System.

## STUDENT DRESS

It is the parent or guardian's responsibility to see that the students are dressed appropriately at all times for all types of weather. During snowy weather, the students must have a change of footwear.

### Guidelines for student dress:

1. **TEACHERS HAVE THE FINAL SAY.** The school board will support all staff and administration on dress Code matters.
2. All undergarments must be covered. Plunging necklines, halter tops, tops with spaghetti straps, bare shoulders, bra straps, bare midriffs, and cleavage are not acceptable.
3. Skirts and shorts are acceptable as long as they are appropriate length & style, and not distracting. (As a general guide, skirts should be 3 ½ inches above the knee, and shorts should have a minimum inseam of 4 inches. T-shirts with the sleeves removed & tank tops with plunging arm and neck lines are not acceptable (this includes Physical Education classes).
4. **Hats and caps are not to be worn inside the school building**

Students who dress improperly will be asked to change the garment if no other clothing is available on site. The office will issue a T-shirt and/or belt or shorts if no other clothing is available. The school will request that a parent brings a change of clothing if necessary

First Offense: VERBAL WARNING & CHANGE THE GARMENT

Second Offense: NOTICE HOME, CHANGE THE GARMENT

Further infraction will be addressed on an individual basis.

## LOST AND FOUND

A lost and found department will be maintained in the north elementary entryway. If you find anything of value, please turn it into the office. Likewise, if you lose anything, check the north elementary entryway. It will save a lot of confusion if parents would PLEASE MARK ARTICLES OF CLOTHING, BOOTS, JACKETS, GLOVES, ETC. with the student's name. We get many articles that are never claimed.

## **MONEY TO SCHOOL**

Students should **NOT** bring money to school unless they turn it into the office at the beginning of the day. Extra money "carried around" during the day is a temptation to others, especially if physical education clothing is to be worn that day. If it is necessary to bring money, it should be placed in an envelope and turned in to the elementary office at the beginning of the day and picked up when school is out.

## **TELEPHONE**

The school secretary is available at (379-3114) to take messages to your child should the necessity arise. Except in the case of emergency, students are asked to refrain from using the office phone. Cell phone use is not permitted during school hours for any reason. Elementary students should leave cell phones in their bags.

## **REPORT CARDS**

Report cards are issued on a quarterly (9 week) basis. When applicable and advisable, deficiency reports will be mailed to parents to notify them of problem areas and unsatisfactory work. Teachers will contact parents prior to report cards if concerns.

## **HEALTH CARE**

It is necessary for the home and school to work together in order to make a health program effective. If these signs or symptoms show up, then the child should not be in school:

1. Acute Cold
2. Sore Throat and Earache
3. Fever (A child who has a fever should not return to school until their temperature has been normal for 24 hours.) (THIS MAY CHANGE DUE TO COVID-19)
4. Rash
5. Diarrhea
6. Vomiting
7. Live lice

When the child misses school, parents are requested to call the school by 8:30 a.m. Upon returning to class, they should have a written excuse explaining why they were absent.

Parents are required to complete an annual health history authorization form indicating the procedures to be followed, if possible, in an emergency involving their child. The annual health history authorization form will also include the phone numbers of the parents and alternative numbers to call in case of an injury or illness. Immunization records are required for all students new to Essex. The following is the chart used to determine when a student would be sent home due to a fever (temp would have to be above the highest temp listed for that age):

### **Body Temperatures**

Any temperature 100° or above, students will be sent home and kept out of school for 24 hours. **Students must be fever free for 24 hours without the use of fever reducing medication. (THIS MAY CHANGE DUE TO COVID-19)**

## ATTENDANCE

We believe there is a significant correlation between good school attendance and student achievement; just as there is between poor attendance and failure. We believe that good attendance habits help students be successful on the job after high school. Regular and punctual student attendance is required at Essex Community School. The administration is responsible for developing effective and meaningful attendance rules and regulations, and students are responsible for developing behaviors that will result in regular and punctual student attendance.

Attendance will be recorded on a per class basis each semester. All absences from school, except absences for participation in school sponsored activities, require an excuse from the parent/guardian, clearly giving the reason for such absence.

It shall be the responsibility of the parent to notify the school by phone, email or written message as soon as the parent knows the student will not be attending school on that day. Parents are expected to telephone the school office to report a student's absence prior to 8:30 a.m. on the day of the absence. The office will call after 8:30 a.m. if no call is received from parents or guardians. If the school has to call inquiring about a student absence, that absence may be counted as unexcused.

When a student has missed more than six (6) absences for reasons other than a school-sponsored activity (excused or unexcused), a letter/email will be sent to the parent regarding the absences. This is for notification purposes only. The parent/guardian may contact the school if there are questions.

After eight (8) absences (excused or unexcused, other than school sponsored) a phone call will be made to the parents/guardians by the school interventionist or principal. A letter/email will also be sent to include the student's attendance record and attendance policy.

After ten (10) absences, parents will be required to visit with the attendance committee (principal, interventionist, and/or counselor). If the absences cannot be verified for justifiable and acceptable reasons due to extended illness or injury preventing the student from attending school, the student and their family may also be reported to the county attorney for truancy.

Discretion may be used for those students who have documented illnesses or other circumstances where the student is absent from school.

## ABSENCES

### Excused Absences

Those absences verified by a note from the parent; a note or appointment card from a licensed physician, optometrist, dentist, or counselor; or a pre-arranged absence for any reason; funerals, court appointments or attendance at religious services. Pre-arranged absences will be excused only after presentation from the parent/guardian and at least two (2) days in advance of the absence. **Students will have the opportunity to make up work assigned during the time of an excused absence.**

### Unexcused Absences

Student absences which are not pre-approved **2 days in advance** may be considered unexcused. These absences shall include, but not be limited to tardiness, oversleeping, skipping school, shopping, concerts, babysitting, or working. It shall be within the discretion of the principal to determine disciplinary action when deemed appropriate.

### **Truancy**

Truancy is an absence without the consent of home or school. The implications of truancy on a student's record are much more serious on a long-range basis than the immediate school imposed penalties. The long-range consequences, although varying with each individual case, can easily lead to failure of a student. Any truant student shall:

- have a letter of truancy placed in his/her student file.
- not be admitted to classes without permission from the principal.
- make up all missed time in detention.
- may be reported to law enforcement officials/county attorney.

A child who is under 16 years of age by September 15 of the current school year is of compulsory attendance age. We are required by law to report truant students of compulsory attendance age and their parents to the County Attorney. It is the responsibility of the County Attorney to take appropriate legal action.

### **Tardy**

Students will be considered tardy to school if they are not in their assigned room at the beginning of the first period at 8:00 a.m. Students are also considered tardy if they are not in their assigned room at the beginning of each class.

Students will be assigned a 30-minute detention upon the seventh tardy during a semester and every tardy after that time. Upon the tenth tardy, parents will be contacted for possible meeting with the school attendance committee.

### **DETENTION**

Detentions will typically be assigned in 30-minute increments, but may be longer.

Detentions will be served at the conclusion of the day assigned or the following morning unless otherwise approved by the principal

Detentions will be every day, Monday through Thursday, and Friday AM.

Detention period is from 3:30 p.m. to 4:00 p.m. or from 7:30 a.m. to 8:00 a.m.

**After school activities do not excuse students from detention.**

Detentions not served as assigned will result in:

- 1<sup>st</sup> time – additional detention time
- 2<sup>nd</sup> time – meeting with the principal
- 3<sup>rd</sup> time-and after 1 day ISS

### **MEDICINE PROCEDURE**

Students may be required to take medication during the school day. Medication is administered by the school nurse, or in the nurse's absence, by a person who has successfully completed an administration of medication course. A record of course completion will be maintained by the school district.

Medication must be in the original container with the following information either on the container, in the instruction sheet, or in the parental authorization: name of the student; name of medication; directions for the use including dosage, time, and duration; name, phone number, and address of the pharmacy (if applicable); date of the prescription, (if applicable); name of the physician (if applicable); potential side effects; and emergency telephone number of the parents. If the medication is not in the original container, the medication will **not** be administered.

## TREATS FOR SHARING

Homemade treats **CANNOT** be brought to school with the intent to share with other students. All treats brought for sharing must be pre-packaged or must be from a commercial establishment and **must be sealed**.

## ELEMENTARY SCHOOL TECHNOLOGY USE POLICY

*This policy applies to students in grades PreK-5*

8. Students are not to bring electronic games, toys or trading cards onto the playground.
9. Students must obey the adult supervising the playground and hallways and not only their classroom teacher.
10. Tackling will not be allowed in any playground activity.

**Physical fighting on the playground is cause for immediate removal from the playground.** Assertive discipline is used on the playground to keep the playground safe for all ages of students. Possible consequences are loss of recess time, isolation on playground, removal from playground, office referral, after school detention, and possible suspension.

### RECESS

Children are expected to go outside for recess unless there is a note from their doctor excusing them.

In case of rainy weather, severe cold weather or extreme wind chill factors, the gymnasium or hallway will be utilized for recess times. Gym shoes must be worn on the gym floor.

During inclement weather, students must have snow boots to play in the snow. ***During winter months, we will be outside for recess unless the temperature/wind chill drops below 13 degrees Fahrenheit.***

### HOMEWORK

Assignments not completed during the school day will be expected to be completed at home and returned to school when due. Consequences for negligent work may include, but are not limited to: loss of recess, reduction in grade, and possible after school work time.

### DESTINATION CHANGES

In order to eliminate any difficulty in determining which bus elementary students are to ride during afternoon bus routes, we ask that you provide your child with a note if he/she is to ride a bus other than the one he or she is scheduled to ride.

Non-bus children should also have notes directed to the proper personnel if they are to make changes in where they will be going after school.

## BUS BEHAVIOR

The following items should be remembered by students riding the bus:

1. Passengers shall be seated at all times except when getting on or off the bus.
2. Passengers shall not extend arms or head out of the bus windows at any time.
3. Passengers shall be expected to converse in a normal tone and to use appropriate language.

Courtesy and good citizenship go hand in hand. Both stem from training in the home as well as school. Courtesy toward others and respect for the property of others should be practiced at all times.

## ASSEMBLY RULES

Throughout the year the school district sponsors school assemblies. Attendance at these assemblies is a privilege. Students must act in an orderly fashion and remain quiet on their way to an assembly, during an assembly, and on their way back to the classroom after an assembly. Students attend assemblies unless, for disciplinary reasons, the privilege is taken away. Students who are not attending assemblies shall report to the office during assemblies.

1. No running to or from assemblies or jumping in the bleachers.
2. Be courteous to speakers; listen to them and do not talk.
3. Sit where your teacher directs and keep your hands, feet, and objects to yourself.

## FIELD TRIPS

In certain classes, field trips and excursions are authorized and may be taken as an extension of the classroom to contribute to the achievement of the educational goals of the school district. If a field trip is required for a course, students are **expected to attend the field trip**. Absences in other classes or school activities due to attendance on field trips or excursions are considered excused absences.

While on field trips, students are guests and considered ambassadors and representative of the school district. Students must treat employees, chaperones and guides with respect and courtesy.

Prior to attending a field trip, students are expected to return a note signed by the student's parents.

## INVITATIONS TO PARTIES

If invitations to parties are to be distributed at school, the district prefers that all students in the classroom be included. The teacher should be given the invitations upon their arrival so that they may be distributed to the students at the teachers' discretion when there may be less disturbance.

## HEALTH SCREENINGS

The school district or Green Hills AEA sponsors health screening for vision, hearing, scoliosis, and height/weight measurements for K-4 grades only. Students are automatically screened in the fall and spring by the school district or Green Hills AEA, unless the parent submits a note asking that the student be excused from the screening.

Parents are notified prior to the health screenings. However, upon teacher recommendation and with parental permission, students not scheduled for screening may also be screened.

The school observes fall, winter, and spring holidays throughout the school year. Students who do not wish to participate in these celebrations or activities may be excused without penalty.

## **STUDENT CONDUCT**

### **Code No. 503.1**

The board believes inappropriate student conduct causes material and substantial disruption to the school environment, interferes with the rights of others, or presents a threat to the health and safety of students, employees, and visitors on the school premises. Appropriate classroom behavior allows teachers to communicate more effectively with students.

Students will conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others while on school district property or on property within the jurisdiction of the school district; while on school owned and/or operated or chartered vehicles; while attending or engaged in school activities; and while away from school grounds if misconduct will directly affect the good order, efficient management, and welfare of the school district. Consequences for the misconduct will be fair and developmentally appropriate in light of the circumstances.

Students who fail to abide by this policy and the administrative regulations supporting it may be disciplined for conduct which disrupts or interferes with the education program; conduct which disrupts the rights of other students to participate in or obtain their education; conduct that is violent or destructive; or conduct which interrupts the maintenance of a disciplined atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, detention, suspension, probation, and expulsion.

## ANTI-BULLYING/ANTI-HARASSMENT INVESTIGATION PROCEDURES

The Essex Community School District is committed to providing all students with a safe and civil school environment in which all members of the school community are treated with dignity and respect. Bullying and/or harassment of or by students, staff, and volunteers is against federal, state, and local policy and is not tolerated by the board. Bullying and/or harassing behavior can seriously disrupt the ability of school employees to maintain a safe and civil environment, and the ability of students to learn and succeed. Therefore, it is the policy of the state and the school district that school employees, volunteers, and students shall not engage in bullying or harassing behavior in school, on school property, or at any school function or school-sponsored activity.

### **Definitions**

For the purposes of this policy, the defined words shall have the following meaning:

- “Electronic” means any communication involving the transmission of information by wire, radio, optic cable, electromagnetic, or other similar means. “Electronic” includes but is not limited to communication via electronic mail, internet-based communications, pager service, cell phones, and electronic text messaging.
- “Harassment” and “bullying” shall mean any electronic, written, verbal, or physical act or conduct toward a student based on the individual’s actual or perceived age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, political party preference, political belief, socioeconomic status, or familial status, and which creates an objectively hostile school environment that meets one or more of the following conditions:
  - (1) Places the student in reasonable fear of harm to the student’s person or property.
  - (2) Has a substantial detrimental effect on the student’s physical or mental health.
  - (3) Has the effect of substantially interfering with a student’s academic performance.
  - (4) Has the effect of substantially interfering with the student’s ability to participate in or benefit from the services, activities, or privileges provided by a school.
- “Trait or characteristic of the student” includes but is not limited to age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, political party preference, political belief, socioeconomic status, or familial status.
- “Volunteer” means an individual who has regular, significant contact with students.

### **Filing a Complaint**

A Complainant who wishes to avail himself/herself of this procedure may do so by filing a complaint with the superintendent or superintendent’s designee. An alternate will be designated in the event it is claimed that the superintendent or superintendent’s designee committed the alleged discrimination or some other conflict of interest exists. Complaints shall be filed within thirty (30) days of the event giving rise to the complaint or from the date the Complainant could reasonably become aware of such occurrence. The Complainant will state the nature of the complaint and the remedy requested. The Complainant shall receive assistance as needed.

School employees, volunteers, and students shall not engage in reprisal, retaliation, or false accusation against a victim, witness, or an individual who has reliable information about an act of bullying or harassment.

### **Investigation**

The school district will promptly and reasonably investigate allegations of bullying or harassment. The Building Principal (hereinafter “Investigator”) will be responsible for handling all complaints alleging bullying or harassment.

If the Complainant is under 18 years of age, the Investigator shall notify his or her parent(s)/guardian(s) that they may attend investigatory meetings in which the Complainant is involved. The complaint and identity of the Complainant, Respondent, or witnesses will only be disclosed as reasonably necessary in connection with the investigation or as required by law or policy. *The investigation may include, but is not limited to the following:*

- *A request for the Complainant to provide a written statement regarding the nature of the complaint;*
- *A request for the individual named in the complaint (hereinafter "Respondent") to provide a written statement;*
- *A request for witnesses identified during the course of the investigation to provide a written statement; and*
- *Review and collection of documentation or information deemed relevant to the investigation.*

The Investigator shall consider the totality of circumstances presented in determining whether conduct objectively constitutes bullying or harassment. Upon completion of the investigation, the Investigator shall issue a report with respect to the findings.

### **Decision**

If, after an investigation, a student is found to be in violation of the policy, the student shall be disciplined by appropriate measures, which may include suspension and expulsion. If after an investigation a school employee is found to be in violation of this policy, the employee shall be disciplined by appropriate measures, which may include termination. If after an investigation a school volunteer is found to be in violation of this policy, the volunteer shall be subject to appropriate measures, which may include exclusion from school grounds.

A school employee, volunteer, or student, or a student's parent or guardian who promptly, reasonably, and in good faith reports an incident of bullying or harassment, in compliance with the procedures in the policy adopted pursuant to this section, to the appropriate school official designated by the school district, shall be immune from civil or criminal liability relating to such report and to participation in any administrative or judicial proceeding resulting from or relating to the report.

Individuals who knowingly file false bullying and/or harassment complaints and any person who gives false statements in an investigation may be subject to discipline by appropriate measures, as shall any person who is found to have retaliated against another in violation of this policy. Any student found to have retaliated in violation of this policy shall be subject to measures up to, and including, suspension and expulsion. Any school employee found to have retaliated in violation of this policy shall be subject to measures up to, and including, termination of employment. Any school volunteer found to have retaliated in violation of this policy shall be subject to measures up to, and including, exclusion from school grounds.

## STUDENT LOCKERS

Student lockers are the property of the school district. Students will use the lockers assigned to them by the school district for storing their school materials and personal belongings necessary for attendance at school. It is the responsibility of students to keep their assigned lockers clean and undamaged.

To ensure students are properly maintaining their assigned lockers, the principal of the building may periodically inspect all or a random selection of lockers. Either students or another individual will be present during the inspection of lockers. Student lockers may also be searched, at any time and without advance notice in compliance with board policy regulating search and seizure.

## LOCKER AND DESK INSPECTIONS

Although school lockers and desks are temporarily assigned to individual students they remain the property of the school district at all times. The school district has a reasonable and valid interest in insuring the lockers and desks are properly maintained. For this reason, lockers and desks are subject to unannounced inspections, and students

have no legitimate expectations of privacy in the locker or desk. Periodic inspections of all or a random selection of lockers or desks may be conducted by school officials in the presence of the student or another individual. Any contraband discovered during such searches will be confiscated by school officials and may be turned over to law enforcement officials.

The contents of a student's locker and desk (coat, backpack, purse, etc.) may be searched when a school official has reasonable and articulable suspicion that the contents contains illegal or contraband items or evidence of a violation of law or school policy or rule. Such searches should be conducted in the presence of another adult witness when feasible.

## GRADING SYSTEM

The grading system in grades 3-4 is based upon use of percentages. The following chart shows letter values for your percentage grade:

A+	100-99% - 4.0
A	98-96% - 4.0
A-	95-94% - 4.0
B+	93-92% - 3.0
B	91-89% - 3.0
B-	88-86% - 3.0
C+	85-83% - 2.0
C	82-81% - 2.0
C-	80-78% - 2.0
D+	77-75% - 1.0
D	74-73% - 1.0
D-	72-70% - 1.0
F	69% and below (failing)

## **ILLEGAL ITEMS FOUND IN SCHOOL OR IN STUDENT'S POSSESSION**

Students are prohibited from distributing, dispensing, manufacturing, possessing, using, and being under the influence of alcohol, drugs or look-alike substances and from possessing or using tobacco, tobacco products, vaporizers, or look-alike substances. Weapons are not allowed on school grounds or at school activities, with the exception of weapons in the control of on duty law enforcement officials or those being used for educational purposes and approved by the principal in advance.

Parents of students found in violation of this rule will be contacted and the students will be reported to law enforcement officials.

## **CHILD ABUSE REPORTING**

In compliance with state law and to provide protection to victims of child abuse, the board believes incidents of alleged child abuse will be reported to the proper authorities. Employees are required, as mandatory reporters, to report alleged incidents of child abuse they become aware of within the scope of their professional duties.

When a mandatory reporter suspects a student is the victim of child abuse, the mandatory reporter will orally or in writing notify the Iowa Department of Human Services. If the mandatory reporter believes the child is in immediate danger, the local law enforcement agency will also be notified.

Iowa law requires licensed employees to report to the Iowa Department of Human Services (DHS) instances of suspected child abuse which they become aware of within the scope of their professional duties.

The law further specifies that a licensed employee who knowingly or willfully fails to report a suspected case of child abuse is guilty of a simple misdemeanor and that the licensed employee may be subject to civil liability for damages caused by the failure to report.

Employees participating in good faith in the making of a report or in a judicial proceeding that may result from the report, are immune from liability.

Board policy states it is not the responsibility of employees to prove that a child has been abused or neglected. Employees should not take it upon themselves to investigate the case or contact the family of the child. DHS is responsible for investigating the incident of alleged abuse.

The school district will respond promptly to allegations of abuse of students by school district employees by investigating or arranging for the investigation of an allegation. The processing of a complaint or allegation will be handled confidentially to the maximum extent possible. Employees are required to assist in the investigation when requested to provide information and to maintain the confidentiality of the reporting and investigation process.

The school district has appointed a Level I investigator and alternate Level I investigator. The school district has also arranged for a trained, experienced professional to serve as the Level II investigator. The Level I investigator and alternate will be provided training in the conducting of an investigation at the expense of the school district. The principal is the Level I investigator and the school nurse is the alternate.

## **INSPECTION OF INSTRUCTIONAL MATERIALS**

Parents and other members of the school district community may view instructional materials used by students at the

school. Tests and assessment materials are only available for inspection with the consent of the superintendent. Persons wishing to view instructional materials or to express concerns about instructional materials should contact the Superintendent of Schools.

## **STUDENT RECORDS**

Student records containing personally identifiable information including school picture, except for directory information, are confidential. Only persons, including employees, who have a legitimate educational interest are allowed to access a student's records without the parent's permission. Parents may access, request amendments to, and copy their child's records during regular office hours. Parents may also file a complaint with the US Department of Education if they feel their rights regarding their child's records have been violated. For a complete copy of the school district's policy on student records or the procedure for filing a complaint, contact the Superintendent of Schools.

Student directory information is designed to be used internally within the school district. Directory information is defined in the annual notice. It may include the student's name, address, telephone number, date and place of birth, e-mail address, grade level, enrollment status, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, photograph and other likeness, and other similar information.

Prior to developing a student directory or to giving general information to the public, parents will be given notice annually of the intent to develop a directory or to give out general information and have the opportunity to deny the inclusion of their child's information in the directory or in the general information about the students.

## **PROCEDURES FOR STUDENTS WHO ARE TRANSFERRING TO ANOTHER SCHOOL**

The school district automatically transfers a student's records to a new school district upon receipt of a written request from the new school district for the student's records.

Parental consent is not necessary to forward a student's records to a student's new school district or for the school district to request them from a student's previous school district.

When a new student transfers into the school district, the student's records are requested from the previous school district.

## **HEALTH EDUCATION**

Students in grade levels kindergarten through twelve will receive, as part of their health education, instruction about personal health; food and nutrition; environmental health; safety and survival skills; consumer health; family life; human growth and development, substance abuse and non-use including the effects of alcohol, tobacco, drugs and poisons on the human body; human sexuality; self-esteem; stress management interpersonal relationships; emotional and social health; health resources; prevention and control of disease; and communicable diseases including acquired immune deficiency syndrome. The purpose of the health education program is to help each student protect, improve, and maintain physical, emotional, and social well-being.

The areas stated above are included in health education and the instruction is adapted at each grade level to aid understanding by the students.

Parents who object to health education instruction in human growth and development may file a written request that the student be excused from the instruction. The written request will include a proposed alternate activity or study acceptable to the superintendent. The superintendent will have the final authority to determine the alternate activity or study.

## **ASBESTOS NOTIFICATION**

Asbestos has been an issue of concern for many years. The Asbestos Hazard Emergency Response Act of 1986 (AHERA) was designed to determine the extent of asbestos concerns in the schools and to act as a guide in formulating asbestos management policies for the schools. The school district facilities have been inspected by a certified asbestos inspector as required by AHERA. The inspector located, sampled, and determined the condition and hazard potential of all material in the school facilities suspected of containing asbestos. The inspection and laboratory analysis records form the basis of the asbestos management plan.

A certified management planner has developed an asbestos management plan for the school district facilities which includes notification letters, training for employees, a set of procedures designed to minimize the disturbance of asbestos-containing materials, and plans for regular surveillance of the materials. A copy of the management plan is available for inspection in the office.

## **DO YOU KNOW YOUR A-B-C'S OF CHILDREN?**

Accept children as they are.

Become involved with your child's education as much as you can.

Compliment your child on his/her attitude, behavior, and performance.

Discuss the school day with your child, noting the good as well as the bad.

Encourage your child to accept responsibility around home, no matter how small the job may seem.

Forgive.

Grades are important, but how and why they are arrived at is more important.

Help your child to develop confidence in his/her abilities.

Improvement often occurs slowly but is never impossible to achieve.

Judgments should come only after all the facts are known.

Know what is expected of your child at school.

Learning (of all kinds) will only be as important to your child as it is to you.

Make time for family happenings.

Never give up.

Offer your child a chance to explore new areas, a chance to widen horizons.

Physical health is important to a child's ability to learn.

Question your child's teacher when something is not understood. Open communication lines are very important.

Remember that we all make mistakes - children included. Most are mistakes to be learned from.

Show your child you are genuinely interested in what he/she does.

Take time to read around your child, to your child, and with your child.

Understand that you are an important part of any educational team.

Visit school when you can.

Write a note to share information that might help the teacher provide your child with a better educational program.

X-ray your own attitudes and let your child know where you stand on issues that affect him/her.

You do make a difference.

Zero in on how your child feels about school and its activities.
